

How does CACFP work?

CACFP reimburses participating centers and child care homes for serving nutritious meals. CACFP is administered at the federal level by the Food and Nutrition Service (FNS), an agency of the U.S. Department of Agriculture.

The Missouri Department of Health and Senior Services (MDHSS) administers the CACFP. MDHSS approves sponsoring organizations and independent centers to operate the program on the local level. MDHSS also monitors the program and provides guidance and assistance to assure that sponsors and centers are meeting requirements.

Sponsoring organizations play a critical role in supporting home child care providers and centers, through training, technical assistance, and monitoring. All family or group child care homes must participate through a sponsoring organization. Several types of organizations can be approved to serve as sponsors, e.g., community action groups, nonprofit organizations and churches.

CACFP Network

If you are interested in the CACFP, or have questions about the Program, call 1-800-733-6251 or access our website at: www.health.mo.gov/cacfp

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.

To file a complaint of discrimination, write USDA, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call toll free at (866) 632-9992 (voice). Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.

Alternate forms of this publication for persons with disabilities may be obtained by contacting the Missouri Department of Health and Senior Services (800) 733-6251 (voice). TDD users can access the preceding number by calling (800) 735-2966. EEO/AAP services are provided on a non-discriminatory basis.

The Missouri Child and Adult Care Food Program (CACFP)

Nutrition Assistance

What is CACFP?

CACFP is the Child and Adult Care Food Program, a Federal program that provides reimbursement for healthy meals and snacks served to children and adults in day care settings.

In Missouri each day, more than 54,000 children and older adults participate in CACFP. CACFP helps families meet the nutritional needs of their dependent children and vulnerable adults. In addition, CACFP plays a vital role in improving the quality of child or adult care and making it affordable for many low-income families.

In addition to child care, CACFP helps make afterschool programs more appealing to at-risk youth. By offering nutritious and tasty snacks and suppers in programs serving low-income areas, centers can increase participation and know that youth are getting a healthy meal.

Homeless children and children from temporarily displaced families can also receive up to three meals each day through shelters that operate the program.

Who is eligible for CACFP meals?

- Children age 12 and under.
- Migrant children age 15 and younger.
- Youths through age 18 in afterschool programs.
- Functionally impaired adult participants or adults age 60 and older enrolled in an adult day care center.

What kinds of meals are served?

CACFP facilities must follow meal patterns that are established by USDA.

- **Breakfast** consists of a serving of milk, fruits or vegetables or juice, and grains or bread.
- **Lunch** and **dinner** require milk, grains or bread, meat or meat alternate, and two servings of fruits or vegetables.
- **Snacks** include two of the four components: milk, fruits/vegetables, grains/bread or meat/meat alternate.

Which facilities can participate?

Many different facilities operate CACFP, all sharing the common goal of bringing nutritious meals and snacks to participants.

- **Child Care Centers:** Licensed or approved public or private nonprofit child care centers, Head Start programs, and some for-profit centers serve meals to large numbers of low-income children.
- **Family Child Care Homes:** Small groups of children receive nonresidential child care in licensed or registered private homes.
- **Afterschool Care Programs:** Centers in low-income areas provide free snacks to school-aged children and youth.
- **Homeless Shelters:** Emergency shelters provide residential and food services to homeless children.
- **Adult Day Care Centers:** Public, private nonprofit, and some for-profit adult day care facilities provide structured, comprehensive services to functionally impaired, nonresident adults.
